DETAILED ACTION

1. This office action is in response to amendment with RCE filed on 03/03/2005.

Allowable Subject Matter

2. Claims 1, 3-33, 35-47 and 49-52 are allowed.

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance:

The primary reason for allowance of the claims is the inclusion of the limitation of disconnecting test circuit from respective voltage terminals providing first and second voltage levels and measuring a parameter of a circuit under test with said test circuit. This limitation recited in all of the independent claims is not found in the prior art in combination with the remaining claimed limitations.

As stated in the specification (page 4 paragraph 1) the circuit isolates (disconnecting) itself from all chip power rails for the duration of the measurement, thereby eliminating any influence of external noise on the measurement.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
